22 November 2018

**TO WHOM IT MAY CONCERN:**

**Re: Bhejane Projects**

With reference to the above-mentioned company, please be advised that this is to certify that Bhejane Projects is and has been a service provider for Eastern Cricket for the past +20years.

All building projects within the stadium as well as maintenance were executed by the said company.

We have found Bhejane Projects to be a very professional company in executing their duties and commitment. The quality of their work was excellent and time frames were met as per schedule of agreement. The after sales service was efficient and productive.

In lieu of the above, we have no hesitation in recommending Bhejane Projects pertaining to their work ethics.

Yours sincerely,
